

Debit Card Round Up Form

TRUE NORTH
FEDERAL CREDIT UNION

Our debit card Round Up program is an easy way to increase your savings without having to think about it. When you enroll, we round up each debit card purchase to the next full dollar and transfer it to a share account of your choosing.

Here are some details about how the program works:

- The system will transfer up to the next whole dollar, even if your purchase is in whole dollars. For example: If you make a purchase for \$25.00 dollars, the Round Up will be for \$1.00. Or, if you make a purchase for \$25.95, the Round Up will be for \$0.05.
- The daily rounded up amount is transferred once a day, and is called "Daily Round Up" on your statement.
- If you do not have sufficient funds available, the transfer will not occur. This includes transactions covered by our Courtesy Pay program.
- If your purchase is subsequently reversed, the transfer will remain in the designated round-up receiving account.
- The program applies to all debit cards on the named account. You cannot restrict it to just one card.

You may designate any share or checking account of your choosing - we will just need the member number and share ID. However, if you select an account on which you are not an owner or otherwise have access, you will not be able to see or access the transferred funds

If at any time you wish to change the receiving account designation, please submit a new request. If the designated account is closed for any reason, the transfer will not occur and a new form will need to be completed to continue to participate in the program.

You may cancel at any time by sending us a secure message through eBanking, calling (907) 523-4700 or writing us at True North FCU, 2777 Postal Way, Juneau, AK 99801.
